Menu Inspiration

When thinking about this menu, I had one goal in mind: to make the most ideal summer cocktail menu possible.

What makes a menu ideal for summer? It needs to be full of light and refreshing cocktails, ensuring there's something for everyone.

Those cocktails need to be *crushable*, that indefinable characteristic that makes someone want to just down a drink and order a second (or third) round of the same drink. It would also need a focus on lighter base spirits because for most people, a warming high proof spirit – like a barrel proof bourbon – isn't ideal in the summer months. Others may not want alcohol in the heat of the Arizona sun, so it needs to have a robust nonalcoholic section.

Although we featured tiki menus in past summers (and tiki is still the ultimate form of cocktails for me), it was my goal to have a list that was more tropical than tiki. You'll still find some tiki fun sprinkled throughout the pages of this menu, but this summer, we want to crush some delicious cocktails instead of getting knocked out by a zombie or Scorpion Bowl in the first round.

So here's my take on the ideal summer cocktail list. Enjoy!
